Local Boy Scouts Work to Benefit Downtown Shelter

Boy Scouts from downtown Los Angeles, Chinatown, Silver Lake, Echo Park, Larchmont, Hollywood, West Hollywood and Los Angeles, will serve the community in their first ever district-wide service project June 28th and 29th.

This year's beneficiary will be the Midnight Mission's downtown shelter. Boy Scouts from each community will collect canned food and hygiene products to donate to the mission.

On those two days, the boy scouts will also serve

meals to as many as 500 to 600 people for lunch as well as for dinner. As many as 240 boys will be involved in the projects, working between 4 to 5 hours each—accumulating an estimated 1,000 hours of service at the Mission alone.
